**NATIONAL COMMISSIONERS**

**THE INTERNATIONAL JURY MEMBERS**

# Report of the Jury of the IBRA 2023

The Jury of FIP General World Stamp Exhibition IBRA 2023 has completed judging. We are pleased to present this report.

The Jury judged a total of 809 exhibits. We have found that the quality of exhibits shown at IBRA 2023 is very high. We awarded 64 Large Gold medals and 196 Gold medals. We are also pleased to see many exhibits that have made improvements since they were last shown in previous stamp exhibitions.

15 exhibits were transferred to a different exhibit class to ensure they achieved a better award. Unfortunately, 6 exhibits did not arrive and 3 exhibits were out of competition. Therefore 9 exhibits could not be judged. 5 exhibits were shown as photocopies and judged but will not be recorded in the FIP awards list.

The Jury would like to thank the IBRA 2023 Organising Committee, FIP Consultant and National Commissioners for their efficiency and hard work. We are grateful for the Invited Exhibits participants bringing us wonderful exhibits, which created enormous interest among the philatelists as well as all other visitors.

Finally, we wish to thank the overwhelming hospitality and friendship of the IBRA 2023 volunteers and the facilities and support provided by the Organizing Committee.

On behalf of the IBRA 2023 Jury. Essen, Germany, 26 May 2023.

# Report of the Expert Group

The Expert Group of IBRA 2023 made a specific review of exhibits which had been queried at previous FIP (including FIAP/FEPA/FAF) exhibitions where certificates were requested. Out of 53 items identified, 24 had certificates provided, 27 items were not exhibited and one item had its description improved. One items was in an exhibit which was absent.

Members of the Group also inspected as many exhibits as possible in each competitive class Dubious items reported by judging teams were checked. In addition, all the exhibits in the Championship Class were examined.

As a result, a total of 65 new items were removed from the frames for closer examination and the recommendations of the Expert Group were as follow:

No action required	22 items
Has to be certified	28 items
Not to be shown again	10 items
Descriptions to be improved	10 items

The reports of the items examined together with colour illustrations in duplicate were handed over personally to the National Commissioners concerned for onward transmission to their respective exhibitors and National Federations. This would ensure that the decision had been properly conveyed. Copies of the same documents in colour were retained for FIP records.

The Expert Group, consisting of Mr Geoffrey Kellow , Till Neumann and Santiago Cruz would like to thank the judging teams and the National Commissioners for their co-operation as well as the Organizing Committee for the excellent facilities for the smooth working of our group.
