Dear Members, Colleagues and Friends,

The long-awaited, IBRA 2023 FIP General World Stamp Exhibition which was postponed from May 2021 due to the COVID-19 pandemic, was finally opened to the world successfully on May 25, 2023, with more than 800 competitive exhibits on top of rare non-competitive exhibits such as the FIP Grand Prix Club displays, the treasure chamber with the well-known Mauritius cover, the German legendary materials and other philatelic gems.

Congratulations to the IBRA 2023 Organising Committee, their staff and volunteers for their relentless efforts in making the Exhibition come true despite the COVID-19 aftermath uncertainties. My heartiest congratulations also to all the Exhibitors on the medal awards received for their marvelous exhibits shown in Essen.

The Organising Committee and Jury Secretary prepared a detailed schedule of the Jury Feedback Sessions, which had been very useful for exhibitors. As an exhibitor and a juror myself, I would like to share that in addition to viewing other exhibits and finding new materials to be added to your exhibits, I often encourage exhibitors to attempt “judging” other exhibits in the same class and compare your results with those of the Jury Team. I believe that this will help the exhibitors to understand the judging criteria more, which in turn shall help you improve your exhibits to achieve better results in the future.

On behalf of FIP, I would like to thank all exhibitors for your active participation; the Commissioners for bringing the Exhibits, the International Jury team for the hard work in judging; as well as all the Dealers for bringing the materials for philatelists and collectors; and the visitors for their support in making IBRA 2023 such a huge success.

During the Palmares, FIP awarded the “Medal of Appreciation” to Dr Andrew Cheung from Hong Kong in recognition for his contribution as Secretary for two terms in the Postal History Commission; and also to Giancarlo Morolli from Italy for his 50 years of exceptional service as FIP accredited Juror.

The next upcoming FIP Patronage Exhibition will be THAILAND 2023 World Stamp Championship in Bangkok to be held from November 27 to December 2, 2023. There shall also be a FIP Recognition Exhibition - TAIPEI 2023 Asian International Exhibition to be held soon from 11-15 August in Chinese Taipei.

FIP is also happy to support five regional Exhibitions under FIP Sponsorship this year and they are: Oman Suhar 3rd Arabian Stamp and Numismatics Exhibition held from 11-14 May, URUGUAY 2023 from 12-16 September, ALPE ADRIA 2023 from 21-24 September, BANGLADESH 2023 from 29 September - 2 October and BALKANFILA XIX from 12-14 October. Note that ALPE ADRIA 2023 and BANGLADESH 2023 were postponed from 2021 to 2023.

In 2024, the first FIP Patronage exhibition shall be EFIRO 2024 to be held in the month of April in Bucharest, Romania; followed by PHILAKOREA 2024 which shall also host the 77th FIP Congress in August 2024. We look forward to seeing everyone at these Exhibitions and have your support.

The Jury Academy class that was postponed during the COVID-19 pandemic also resumed in IBRA 2023 successfully. In addition to the Jury Academy course for experienced jurors, FIP Directors Aldo Samamé y Samamé and Peter Suhadolc are looking into developing new courses for Apprentices.

The working groups for two newly approved Commissions in the 76th Congress in Jakarta – namely Open Philately and Picture Postcards, had been set up and the first Picture Postcard FIP qualifying seminar was already held in Cape Town 2022 and the first Open Philately FIP qualifying seminar was also held in IBRA 2023 with very good attendance.

We appreciate your comments, suggestion and feedback on how to promote our beloved hobby.

With Best Wishes,

**Prakob Chirakiti**  
on behalf of the FIP Board of Directors

Estimados miembros, colegas y amigos,

La tan esperada Exposición Mundial IBRA 2023 que se pospuso desde mayo 2021 por la pandemia del COVID-19, finalmente se abrió al mundo con éxito el 25 de mayo, con más de 800 participaciones competitivas además de raras muestras no competitivas como las participaciones del FIP Grand Prix Club, la cámara del tesoro con la conocida carta de Mauricio, los legendarios materiales alemanes y otras gemas filatélicas.

Felicitaciones al Comité Organizador de IBRA 2023, su personal y voluntarios por sus incansables esfuerzos para hacer realidad la Exposición a pesar de las incertidumbres posteriores al COVID-19. Mis más sinceras felicitaciones también a todos los expositores por las medallas recibidas por sus maravillosas participaciones mostradas en Essen.

El Comité Organizador y el Secretario del Jurado prepararon un cronograma detallado de las Sesiones de Comentarios del Jurado, que han sido de gran utilidad para los expositores. Como expositor y miembro del jurado, me gustaría compartir que además de ver otras participaciones y encontrar nuevos materiales para agregar a sus colecciones, a menudo animo a los expositores a intentar “juzgar” otras participaciones de la misma clase y comparar sus resultados con los del jurado. Creo que esto ayudará a los expositores a comprender mejor los criterios de evaluación, lo que a su vez ayudará a mejorar sus colecciones para lograr mejores resultados en el futuro.

En nombre de la FIP, me gustaría agradecer a todos los expositores por su activa participación; los Comisarios por traer las colecciones, el equipo del Jurado Internacional por el arduo trabajo de juzgar; así como a todos los Comerciantes por traer los materiales para filatelistas y coleccionistas; y a los visitantes por su apoyo para hacer de IBRA 2023 un gran éxito. Durante la Cena de Palmarés, la FIP otorgó la “Medalla de Reconocimiento” al Dr. Andrew Cheung de Hong Kong por su contribución como Secretario en la Comisión de Historia Postal por dos mandatos; y también a Giancarlo Morolli de Italia por sus 50 años de servicio excepcional como Jurado FIP.

La próxima Exposición con Patrocinio FIP será el Campeonato Mundial de Sellos THAILAND 2023 en Bangkok, que se llevará a cabo del 27 de noviembre al 2 de diciembre de 2023. También habrá la Exposición Internacional Asiática TAIPEI 2023, con Reconocimiento FIP, que se llevará a cabo del 11 al 15 de agosto en China Taipei.

La FIP se complace en apoyar este año cinco exposiciones regionales con el Auspicio FIP y son: Oman Suhar 3rd Arabian Stamp and Numismatics Exhibition realizad del 11 al 14 de mayo, URUGUAY 2023 del 12 a 16 de septiembre, ALPE ADRIA del 21 al 24 de septiembre, BANGLADESH 2023 del 29 de septiembre al 2 de octubre y BALKANFILA XIX del 12 al 14 de octubre. Tomemos en cuenta que ALPE ADRIA y BANGLADESH se pospusieron de 2021 al 2023.

En el 2024 la primera exposición con Patrocinio FIP será EFIRO 2024, que se realizará en el mes de abril en Bucarest, Rumanía; seguida por PHILAKOREA 2024 que también albergará el 77º Congreso FIP en agosto 2024. Esperamos verlos a todos en estas exposiciones y contar con su apoyo.

La Academia de Jurados que se pospuso durante el COVID-19 también se reanudó con éxito en IBRA 2023. Además de la Academia para jurados con experiencia, los Directores FIP, Aldo Samamé y Samamé y Peter Suhaldoc, están buscando desarrollar nuevos cursos para aprendices de jurado.

Se establecieron los grupos de trabajo para las dos Comisiones recientemente aprobadas en el 76º Congreso de Jakarta, a saber, Filatelia Abierta y Tarjetas Postales, y el primer Seminario con calificación FIP de Tarjetas Postales se realizó en Ciudad El Cabo 2022 y el primer Seminario con calificación FIP de Filatelia Abierta se llevó a cabo en IBRA 2023 con muy buena asistencia.

Agradecemos sus comentarios y sugerencias sobre cómo promover nuestro querido pasatiempo.

Con los mejores deseos,

**Prakob Chirakiti**  
En representación del Board FIP

### FINANCE

#### Budget for Jury Academy Classes

The Board unanimously agreed to a Jury Academy budget of not exceeding 13,000 CHF for each Class, as proposed by Vice-President Tan, that Directors Suhadolc and Samamé can have the autonomy to work within for future Classes.

### EXHIBITIONS

#### IBRA 2023

The Board agreed unanimously and the Secretary General circulated the updated proposed timetable with the changes to FIP Consultant Macedo and the Board members. Vice-President Macedo shall convey the changes to the OC. Four jurors who were qualified shall be also assigned as apprentice Team leaders.

### JURY ACADEMY

#### Class #8

Dr Henrik Mouritsen had been asked by Director Suhadolc to observe the training in Essen and he had agreed.

Vice-President Tan suggested if Dr Andrew Cheung from Hong Kong, who could communicate in English proficiently and was very knowledgeable, could be a possible trainer from Asia, as it would also cut costs for trainings held in Asia in the future.

President Chirakiti would also like the Board members to also propose a few more potential jurors as Jury Academy trainers and there should ideally be 2-3 trainers per continent, to ensure that the trainings can be sustainable. The Board members agreed.

Further discussions on subsequent Jury Academy classes were made.

### EXHIBITIONS

#### Apprentices and Cross-Accreditation applications

To prevent future last-minute requests for cross-accreditations and apprenticeship at FIP Patronage exhibitions, the Board reviewed and referred to the Jury Guidelines article:

*15.4 The applicant's National Federation must submit a formal request for additional accreditation to the FIP Secretary General (application form under "Application"). Such request must specify at which FIP accredited exhibition the applicant seeks to qualify for additional accreditation, and supply documentation to establish the applicant's eligibility. Such formal request must reach the Secretary General not less than four months prior to the opening day of the specified exhibition.*

It was decided by the Board that nominations should be received at least 4 months before the start of a FIP Patronage Exhibition, hence the FIP Secretary General should send out the reminder to all Members prior to every FIP Patronage Exhibition in the future.

### IBRA 2023

The Secretary General presented to the Board the updated timetable as per approved during the 157<sup>th</sup> Meeting, with the Expert schedule in blue added in. It was approved by the Board and Vice-President Macedo would communicate with the Jury Secretary Lars Engelbrecht.

The Secretary General finalized the four FIP Qualifying Seminars planned for IBRA 2023 which were approved by the FIP Board:

### THAILAND 2023

Director Khoory updated that the OC had extended the deadline for nomination of Jurors and appointment of NCs to allow for more applications to be accepted. He requested that the Secretary General to remind Members on the nominations of apprentices and Cross-Accreditation nominations.

## PHILAKOREA 2024

Vice-President Tan updated that the exhibition had been extended one more day to 20 August as approved by Korean Post. Hence, he would also need the Board to approve that the 77th FIP Congress to be held in Seoul to be moved from 19 August to 20 August 2024, so that he can confirm with the OC via the contract. The Board members approved.

## FIP Proposed Palmares Guide for Organising Committees

The Secretary General highlighted that in the past, OC would consult FIP Consultant with regards to the Palmares program flow but in recent exhibitions, as the OC plan on their own, some aspects of the Palmares, for example with regards to the medal or grand prix prizes presentation, could be improved. She therefore re-presented the proposed template that was followed for ISRAEL 2018, PRAGA 2018, CHINA 2019 and INDONESIA 2022, which future FIP Consultants could use to liaise with the OC who are free to make adjustments accordingly, for example, to the time schedule, but at least the main structure could remain consistent. The Board members approved.

## EUROPHILEX BIRMINGHAM 2025 (FIP RECOGNITION)

Vice-President Nathaniel received a request on FIP Recognition from the UK for EuroPhilEx Birmingham 2025 and he had clarified on the differences between FIP Patronage and FIP Recognition to them for their consideration. As at 22 March 2023, FIP received the official email from Jon Aichitson to apply for FIP Recognition on behalf of the next United Kingdom International Exhibition. The event will be held at the National Exhibition Centre in Birmingham, England, from Thursday 8 to Sunday 11 May 2025 and had already been granted FEPA Patronage. There will be 2,000 frames, potentially covering all FIP classes depending on demand, and a large number of dealer booths. The event will also host a number of other meetings and ceremonies such as the signing of The Roll of Distinguished Philatelists.

The Board approved the FIP Recognition and agreed that the Liaison Officer would be Director Suhadolc.

## FIP SPONSORSHIP 2023 - 2024

The Board unanimously approved two more FIP Sponsorship applications from Uruguay for URUGUAY 2023 and from Oman for Suhar 3rd Arabian Stamp & Numismatic Exhibition.

The Board also approved the following FIP Representatives for the respective exhibitions:

<b>ALPE ADRIA 2023</b> 21-24 September 2023:	Director Suhadolc
<b>BANGLADESH 2023</b> 29 September - 2 October 2023:	President Chirakiti
<b>URUGUAY 2023</b> 12 -16 September 2023:	Director Samamé
<b>Suhar 3rd Arabian Stamp &amp; Numismatic Exhibition:</b> 11 - 15 May 2023	Director Khoory
<b>BALKANFILA XIX</b> 12 -14 October 2023:	Vice-President Nathaniel

President Chirakiti commented that as Alpe Adria 2023 and Bangladesh 2023 were postponed from 2021 due to COVID-19, hence he was agreeable that the Board members approved the additional three regional exhibitions, from each continent for 2023. The Secretary General was to inform the Members officially.

## EXHIBITS

### Literature Class

Director Samamé highlighted that currently the publisher/author/editor/Federation can submit the same Literature exhibits. He saw that sometimes the names of the exhibitors are different for the same publication in different exhibitions. He would suggest that the exhibitor name should remain consistent for 5 years after the first submission/entry. The question shall be forwarded to the Literature Commission by Director Samamé to get a formal view of the issue.

## Highlights of the 159<sup>th</sup> FIP Board of Directors Conference Meeting on 16 May 2023

### EXHIBITIONS

#### BOARD TRAVEL REIMBURSEMENTS

As Board members were elected to serve Members, it was approved by all Board members that they shall receive only 80% of economy airfare reimbursement as per the last exhibitions and they shall pay for the remaining amount on their own. In the future 80% of economy airfare shall continue to be the standard reimbursement for Board members in future FIP Patronage exhibitions.

### COMMISSIONS

#### Picture Postcards Working Group

Director Khoory updated that the Picture Postcards working group members had been finalized. As there was a range of up to 16-hour time zone differences, he would try to arrange a zoom meeting soon after IBRA 2023.

### MEMBERSHIP FEES

In response to a Member's request for massive discount on FIP Membership fees, the Board had a discussion. FIP Treasurer and Vice-President Tan commented that the operational expenses of FIP had to be fully covered by the FIP Membership subscription of approximately 116,000 CHF annually and support to Members had already been offered including the FIP Sponsorship and Jury Academy, other than the 10% reduction in Subscription fees offered for 2023. Director Suhadolc also highlighted that the FIP fees had remained the same and not been raised over the past few years. Perhaps instead of Membership discount, FIP can offer some support to the smaller Members. A paper shall be prepared by Vice-President Tan for further discussion with the Board.

### JURY

The FIP Board shall look into acknowledging the efforts and contributions by outstanding FIP jurors with a Medal of Appreciation and the criteria for jurors to be eligible to receive such an award shall be finalized in the next meetings. The first such medal would be presented to Mr Giancarlo Morolli from Italy for an exceptional 50 years of service as FIP juror and it shall be presented in IBRA 2023 at the Palmares.

The FIP Secretary General was asked to consult the legal advisor with regards to the above article in the Jury Guidelines, on whether a juror can cross-accredit to another class as long as he had fulfilled full jury experience twice after his first original accreditation, without having to serve further two times in the latest cross-accreditation class; or must he also have judged twice in his latest cross-accreditation class, prior to being eligible to cross-accredit further in another class.

## JURY ACADEMY

Director Suhadolc reported that the total expenditure was within the budget. Director Samamé congratulated Director Suhadolc and Mark Banchik for their great job and the training had positive feedback from all the trainees. About 70 more FIP jurors would qualify for the Jury Academy but probably only 50 left would be keen to do it. President Chirakiti reminded that each continent to have at least two capable Jury Academy trainers and the Academy should be maintained as a prestigious course to improve the quality of judging so that jurors will regard it as an honour to be able to attend.

President Chirakiti thanked Director Suhadolc and Director Samamé on their efforts for the Academy.

## REGULATIONS

### One-Frame Exhibits revised Guidelines Request from the German Federation

The Secretary General updated that the Motions by the Danish and Canadian Federation on OFE had been approved by the 76th FIP Congress, on the condition that slight amendments to the wordings to be made. The Motion that was approved by the Congress was already uploaded on the FIP website.

Director Samamé updated that FIP had received the further amendments with the formal letter from the German Federation with regards to the proposed slight changes to be made for the FIP Board's approval, so that these more 'relaxed' guidelines for One-Frame Exhibit exhibitors can first be implemented for upcoming FIP exhibitions. He and Director Suhadolc proposed for the Board's approval in the meantime, to observe the response and further improvements to the guidelines can be proposed in the future if required.

The Board members approved and the updated guidelines were to be put up by the Secretary General on the FIP website as soon as possible.

Separately President Chirakiti had also proposed GREX 8.4 to be amended on experimental basis to address the issue for 2-3 frames exhibits for the Board's consideration.

### Literature Commission

Director Samamé reported that the Literature Commission had a meeting on 27 May 2023 on the proposed changes to be made regarding the issue of same exhibit title submitted by different exhibitor names in FIP Exhibitions. The Board would review it once the Commission submit it officially.

### Open Philately Working Group

Director Suhadolc reported that the first OP qualifying seminar conducted by himself and Mrs Birthe King had been held successfully held and attended by more than 25 participants in Essen.

## Updated One-Frame Exhibits Guidelines

The Motion by two FIP Members to amend the One Frame Exhibit guidelines during the 76th FIP Congress was passed on the condition that slight modification be made. The above modification to the One Frame Exhibit guidelines was subsequently proposed by the German Philatelic Federation and approved by the FIP Board on 28 May 2023 in Essen, Germany

### Guidelines for Judging One Frame Exhibits at FIP Exhibitions

#### 1. The purpose of One Frame Exhibits

A One Frame exhibit is intended to be an exhibit with a very narrow subject that fits in One Frame.

#### 2. Principles of One Frame Exhibits

- a. At the FIP level, if a subject can be shown in more than One Frame or if duplication of material is needed to fill one frame, it is not an ideal subject for a One Frame exhibit.
- b. Ideally, all aspects of the subject should be treated in the One Frame exhibit.
- c. A selection of items from a multi-frame is only likely to achieve high scores in “treatment” and “knowledge and research” if the selection can completely treat a natural part of the exhibit within One Frame. In such cases, the exhibit would need a more focused title and, in most cases, a modified plan and treatment.
- d. An exhibit showing only the best items (“cherry picking”) from a multi-frame exhibit will not score very high as a One Frame exhibit because all the aspects of a broad subject would not be treated appropriately in a One Frame exhibit.
- e. Judging the appropriateness of the subject for One Frame (and One Frame only) is assessed instead of the importance of the subject.
- f. If there clearly would be enough material fitting the title/topic in 2-3 frames, we recommend to deduct 1 point in treatment.
- g. If there clearly would be enough material fitting the title/topic, so that an exhibitor could make 5 frames or more, the 1-frame exhibit should lose up to 5 points in treatment.

#### 3. Class of Exhibit

- a. One Frame exhibits may come from any of the FIP competitive classes, except the Literature Class.
- b. One Frame exhibits will be classified and judged in their respective FIP class by the teams responsible for the judging of that Class.
- c. The judging based on the SREVs and Guidelines of their respective classes and the Guidelines for Judging One Frame Exhibits at FIP Exhibitions.

#### 4. Criteria for evaluation

The following criteria and points for One Frame Exhibits are used at FIP exhibitions:

Treatment and the-appropriateness of the subject	30 points
Philatelic knowledge, personal study and research	35 points
Condition and rarity	30 points
Presentation	5 points
Total	<u>100 points</u>

Thematic One Frame exhibits will be evaluated according to the Thematic Class criteria and point system:

Treatment and the-appropriateness of the subject	35 points
Philatelic knowledge, personal study and research	30 points
Condition and rarity	30 points
Presentation	5 points
Total	<u>100 points</u>

*“Dr Andrew Cheung had numerous contributions to the FIP Postal History Commission during his two terms of service as Bureau member and secretary respectively. Other than overseeing the communication and updating of records for the commission from 2014-2021, he had contributed hugely to the revised Postal History judging guidelines, facilitated the very well attended on-line postal history seminars during the COVID years and having conducted various FIP Qualifying Postal History seminars in FIP exhibitions. May I invite FIP President Dr Chirakiti to present the FIP Medal of Appreciation on behalf of the FIP Board to Dr Cheung for his tremendous contribution.”*

## FIP OPEN PHILATELY WORKING GROUP REPORT

After the last FIP congress in Jakarta (Indonesia) I have been appointed as liaison officer to the newly established Open Philately class. During the last FIP Board meeting in Cape Town the decision was taken to appoint a Working Group (WG) that would be responsible for temporarily leading the Open Philately class until the next Commission elections at the FIP congress in 2026. The Board had asked me to be Co-Chair of the WG with the Co-Chair that the WG will select among its members.

The following members of the Open Philately WG have been appointed by the FIP Board in December 2022: Birthe King (UK), Elisabeth Hisey (USA), Kazuyouki Inoue (Japan), Jari Majander (Finland) and Iva Mouritsen (Germany). Before the first meeting the members of the WG have selected by exchange of e-mails Birthe King to be the WG Co-Chair.

Since then the WG has met on Zoom already five times, on February 15, March 15, April 12, May 17 and June 21. Several issues have been discussed in a friendly atmosphere and documents exchanged.

*The first Open Philately FIP Qualifying Seminar in Essen, Germany co-conducted by Peter Suhadolc and Birthe King (standing).*

The first two Zoom meetings were essentially dedicated to the preparation of a PowerPoint presentation that could serve for the Open Philately qualifying seminar at the FIP World exhibition in Essen. The WG applied for it and the FIP Board approved the request. The seminar was held at the Essen exhibition on Sunday, May 28 and was presented by Peter Suhadolc, who talked about the existing Open Philately Guidelines, and by Birthe King, who showed several examples taken from successful open philately top exhibits. The Seminar was followed by 28 participants, quite a success. The FIP Board has approved another Open Philately Qualifying seminar in the upcoming Specialized world exhibition in Bangkok.

The Zoom meeting on June 21, was dedicated to the revision of the Open Philately Guidelines that were approved in Sofia in 2018. Several proposals were exchanged previously via e-mail, so at the meeting the WG succeeded in preparing the first draft of the revised Guidelines. The draft will be further discussed and reviewed.

One of the tasks that were discussed is also the implementation of the Open Philately website to be hosted on the FIP one. Kazuyouki Inoue was appointed to work on it and make a first proposal.

We ask all Federations, which have not done it yet, to appoint a delegate to the Open Philately class who will follow and contribute to the efforts of the WG.

*Presentation of Medal of Appreciation for Jury Service to Dr Giancarlo Morolli by FIP Vice-President Yigal Nathaniel at the Palmares of IBRA 2023 (photo courtesy of BDPPh, Petra Kornmesser and Wilhelm van Loo).*

During the Palmares of IBRA 2023, FIP Director Peter Suhadolc gave the following commendation speech on behalf of the FIP Board before inviting Dr Giancarlo Morolli from Italy on stage to receive the FIP Medal of Appreciation:

*“The name of Dr Giancarlo Morolli and Thematic philately is almost synonymous; he has provided leadership in the development of the subject as a member, and from 1977-2004 as President of the FIP Thematic Commission, achieving universal acceptance of the concept of thematic philately. Morolli is the international thematic juror with the longest service. He has served in over 50 FIP exhibitions, from Belgica 72 to IBRA 2023, 43 times as team leader and twice as jury president. Given this extraordinary record of service as FIP juror, FIP Vice-President Nathaniel shall represent the FIP Board to bestow him with the Medal of Appreciation for FIP jury service.”*

The FIP Board would like to thank the Organising Committee of IBRA 2023 for making the Medal Presentations possible. At the 160th FIP Board meeting in Essen, Germany, the FIP President and Board of Directors also decided to recognize more FIP jurors who had made exceptional contributions to FIP World Stamp Exhibitions over the years with FIP Medal of Appreciation.

FIP Members can nominate their jurors who fulfill at least the following criteria:

- at least 12 times as full juror in FIP Patronage World Stamp Exhibitions
- preferably having been a team leader in one of the Classes
- preferably additional service eg Jury Secretary, Jury President, member of the Expert group

The Nomination form on the following page can be downloaded from the FIP website and attached with any other supporting papers necessary, for submission to the FIP Secretariat at [kelly@f-i-p.ch](mailto:kelly@f-i-p.ch) by 31 December 2023 for the FIP Board's approval.

## Class #8 of the Jury Academy Held in Essen 21 – 23 May 2023

After the London 2020 scheduled Jury Academy class had to be cancelled due to the ongoing pandemic restrictions, the world situation improved so much that by late 2022 the FIP Board organized a training session to be held in conjunction with the 2023 IBRA World Stamp Exhibition in Essen, Germany.

The rules for attending the Jury Academy (JA) have evolved slightly from pre-covid times. The FIP Board now requires that the selected juror has served as jury member at least one time in a FIP exhibition after completing their apprenticeship. It has also been decided to give priority for the 8th class to those who were already in process for the previously scheduled 'London 2020' classes.

To allow an opportunity for as many jurors as possible to fulfill the requirements, the FIP Board, in agreement with the appointed trainees Mark Banchik and Peter Suhadolc, and the FIP Board appointed observer, Aldo Samamé y Samamé, have decided to have a class of twenty participants. The class was divided into four groups of five trainees. We noted that just a few days before the beginning of the course one juror was forced to withdraw due to illness.

The sessions were held in several seminar rooms at Hotel Bredene, the official hotel of the exhibition. One seminar room and one exhibition room were graciously provided by the organizers. The coffee and lunch breaks were conveniently offered in an adjacent attractive lounge space which also enabled informal conversation.

The FIP Jury Academy class followed the scheme of the previous classes with only minor updates. On the first day the juror and team leader duties and responsibilities were discussed and the FIP regulations reviewed. The day ended with disclosing the titles of the exhibits to be evaluated the next day and some related material to be studied distributed. That evening the entire group enjoyed group hospitality at a local Greek restaurant. Aside from the great food, one class member hosted beverages. We thank both the FIP and local organizations for supporting the social activities.

*Trainees at Greek Restaurant after class.*

Day 2 was devoted to applying the first day's lessons with team judging at the frames. Dr. Henrik Mouritsen, a professional educator and Secretary of the Postal History Commission joined Mark and Peter as course observer. The judging was done criterium by criterium and the scores registered. The trainers observed how the team dynamics worked, with the team leader rotating among the team members with each subsequent practical exercise. At the end of each 'at the frames' exercise, a discussion was held with each team justifying their assigned points. At the end of day 2, the personal development of each juror was the focus with a self-evaluation, an evaluation from the trainers, and a personal development plan. A collegial dinner at a typical German beer house relaxed everybody at the end of the day.

*Trainers Mark Banchik (standing left) and Peter Suhadolc (standing right) conducting the Academy at Hotel Bredene, Essen.*

The third and last day was devoted to the most important task of a juror: giving feedback to the exhibitor. After the trainers suggested how the feedback should be given, the teams prepared potential feedback, and practiced giving the feedback at the frames. The teams had a lot of fun role playing, and mimicking several situations they may possibly encounter with exhibitors. After lunch the Jury Academy ended with the trainees evaluating the course components, as well as providing suggestions for future improvements. As trainers, Mark and I were both happy that the Jury Academy was positively considered and that everybody has learned something from it.

In the evening the Award dinner was held in Hotel Bredeney with all trainees and their partners attending. The entire FIP Board was also present with FIP Honorary President Tay, the Jury Academy creator Lars Engelbrecht, and Philatelic enterprise 'Postiljonen' represented by its CEO Claes Arnrup. Their partial sponsorship and kind support to the Jury Academy was acknowledged. All trainees received their well-deserved diplomas and FIP Jury Fellow pins.

*Lars Engelbrecht and Claes Arnrup (Postiljonen).*

*FIP Director and Jury Academy observer Aldo Samame with FIP Vice-President and IBRA 2023 Consultant Reinaldo Macedo (Photo courtesy of Ben Nathaniel).*

At the end we would like to personally thank Wolfgang Leupold-Schleitz, who has efficiently managed the local logistics, from providing the printer shop for the course material, arranging all rooms in Hotel Bredeney and the three Jury Academy dinners. Vielen Dank, Wolfgang!

Several course attendees remarked in subsequent emails to the trainers that the course was very successful in how it blended the various didactic exhibiting/judging criteria with practical 'at the frames' exercises. Aside from the positive role-playing experience, there was an increased sense of professionalism and team comradery among the attendees.

The next Jury Academy is scheduled to be held in Seoul, Republic of Korea, in 2024! We look forward to ongoing FIP support in enhancing the professionalism and consistency of the jury experience.

Co-Trainer Mark Banchik**

## IBRA 2023 FIP General World Stamp Exhibition

Many thousands of visitors from Germany and abroad flocked to Messe Essen from 25 to 28 May 2023, where the 33rd International Stamp Fair and the IBRA World Stamp Exhibition were held in Halls 7 and 8.

The 12,000 sqm event offered everything a collector's heart could desire. Especially on the first two days, but also on the Whitsun weekend, the stands of the approximately 110 dealers, auction houses, publishers as well as postal administrations and agencies from all over the world were densely crowded.

Turnover clearly exceeded expectations, and the suppliers were correspondingly euphoric. Classic and modern stamps were in demand, whether individually, in lots or in collections and part collections. The trend towards letters and other covers to enrich postal history and thematic collections was once again confirmed.

*Huge crowd visiting the dealer booths daily (photo courtesy of BDPH, Petra Kornmesser and Wilhelm van Loo).*

A crowd puller was the treasure chamber with the unique Bordeaux letter with a Red and a Blue Mauritius, at which there were waiting times. Legends of German philately were also on display there, such as the letter with the Baden misprint, the unique first day cover with the “Black One”, the first German stamp, the only existing complete sheet of the “3 Pf. Saxony” (1850) or two “Hepburn” stamps, the most expensive modern stamp in the world. The small exhibition of the Germania definitive series from 1900 with unique designs and proofs also attracted visitors.

The great interest in the 799 exhibited collections from 70 countries was striking. Rarely were so many visitors to be seen at the frames, studying the exhibits in detail, taking notes and photographing pages and pages. The desire to learn more about the hobby and the individual collecting field was also reflected in the almost 70 information stands of working and research communities, the generous reading and literature area as well as the advisory stands of the associations.

For young collectors, there was a large area with games and activities. In the popular stamp pool, one could search for stamps from all over the world free of charge. Beginners were given a basic set of album, tweezers and stamps to start collecting.

Silvano Sorani passed away on 30 June. In the family's formal statement, he is remembered as a "tireless witness in schools of racial persecution, formidable connoisseur of philately and passionate collector". The announcement was made by his wife Scarlett, and his children Manuela and Riccardo with his family. The funeral was celebrated in Milan at the Jewish cemetery on Sunday, 2 July.

It had 330 frames on display in all categories, and in parallel the national youth exhibition – Juvenex - was also held, that is organized uninterrupted along the last two decades by the FAEF Youth Commission.

Ten countries of the Americas attended the exhibition with the support of their commissioners and more than the half of the jury team were FIP jurors.

The commissioners and jurors were hosted at the Jesús María Hotel and the exhibition was held at the premises of the Dressage and Folklore venue, which organizes its festival every year in January.

The international jury had a hard job, at the end the best foreign collection was awarded with the International Grand Prix, this prize was given to the exhibit "Bolivia, Traditional Airmail" of Mrs. Martha Villarroel de Peredo. For the National Grand Prix two Argentine collections were voted for, the exhibit "Argentina – Emisiones Correo Aéreo 1928-1936" of Mr. Domingo del Fabro was the winner.

## NEWS FROM FEPA

**Sharing Information**

**Promoting Innovation and Cooperation**

**Supporting Exhibitions**

**Rewarding Achievements**

At the invitation of the Italian Federation FEPA will hold its 2023 Congress on 23rd September in Tarvisio, Italy, which will also be the venue for the annual Alpe Adria exhibition. We are looking forward very much to this opportunity to set out our thoughts on how we can best contribute to promoting philately in a time of rapid change and to hear from Members on their plans and proposals.

Our attention is focused closely on the question of how to engage younger collectors with organised philately. With this in mind we will continue to work with our Members on how to make best use of digital resources to achieve this. We are also interested in promoting an attractive image of philately to the wider world to help people appreciate the range and depth of the resource that it can contribute to an understanding of the world we live in.

We believe firmly that international cooperation can help our Members adapt to change. FEPA is a framework within which cooperation can take place and we will do everything we can to make sure we are in the best possible position to support that essential process.
