DPhJ-Press release of March 10th, 2024:

The future belongs to the “JUNGE SAMMLER”!

The new JUNGE SAMMLER has some great topics coming up: the future is the main topic and at the same time the theme for the foundation competition on July 13th and 14th in Bad Segeberg. There are also future topics in the articles “Energy”, “Space Travel” and “Climate Protection”. But people in the past also dealt with ideas for the future: another article is about Leonardo da Vinci.

Of course, other topics are also addressed: two working groups present themselves with great offers: Hungary and Brazil present themselves as collecting areas for young collectors. Brazil is particularly present at the Germany - Brazil DEBRA stamp exhibition in Haldensleben in June - as are many young exhibitors. Hamm presents itself - also in June - as the location of this year's annual general meeting of the DPhJ.

Of course, you can't just get active at the upcoming philatelic events. The popular young collectors quiz and the choice of the most beautiful aviation stamp offer all readers the opportunity to take part. The exhibition page shows where registrations are still possible. Reports from the state rings and many other short articles invite you to take a closer look at individual topics. The children's book story by "Hairy Maclary" in the final part of the booklet is particularly worth reading.

The JUNGE SAMMLER is the members' magazine of the Deutsche Philatelisten-Jugend e.V. The magazine is available online and in a print version, which is sent to all members by post.
