## **NEW - NEW - NEW**

In januari 2025 (tachtigste verjaardag van de bevrijding der kampen) verschijnt ons nieuw boek over de SS-concentratie-kampen, waarbij we de geschiedenis van deze kampen gebruiken als kapstok om, de soms zeer zeldzame briefwisseling en andere documenten van de gevangenen, waarover wij konden beschikken, aan op te hangen. Vandaar ook de titel van het boek:

Concentratiekampgevangenen schrijven geschiedenis. 1933-1945.

In dit boek verneemt U meer over het ontstaan, de organisatie en werkin van de concentratiekampen. We belichten tevens de specifieke kenmerken van elk kamp afzonderlijk. Dit alles gestaafd met opmerkelijke briefwisseling van de gevangenen. Het is niet alleen een boek voor filatelisten, maar ook voor mensen die iets meer over de geschiedenis van de naziconcentratiekampen wensen te vernemen.

U kan het boek bestellen bij de auteur via e-mail: [tempels.luc@telenet.be](mailto:tempels.luc@telenet.be) met vermelding van Uw naam en adres. Betaling bij levering. Of indien verzending per post: door overschrijving vóór verzending. Om de verzendkosten te beperken, kunnen eveneens afspraken gemaakt worden met postzegelclubs (Begijnendijk, Heist-op-den-Berg) voor afhaling. Afhalen (in Keerbergen) is eveneens mogelijk.

Het boek, uitgegeven in eigen beheer, wordt (in beperkte oplage) gedrukt in A4 formaat op kwalitatief papier, volledig in kleur, met 288 pagina's en meer dan 200 afbeeldin-

**"Briefaktion" des RSHA (Juden).**  
"Action mail" of the Reich Main Security Office (Jews)

This 212 page full color hardcover book describes in detail both the political and postal background of this operation. Never before has any study been published on this subject, let alone such a detailed one! The postcards and letters describing this 'Briefaktion' are extremely rare silent witnesses to one of the darkest periods of our recent history. They show the last written words of people who were doomed to disappear in one of the greatest genocides the world has ever known.

The cooperation of several important archives such as Dossin, Yad Vashem, Auschwitz, Terezin, ... have been able to contribute to the fact that this book gives an excellent picture of what the "Briefaktion" was in the various extermination camps such as Auschwitz, Sobibor, Maidanek, Treblinka, Birkenau, ... and what its consequences were for the Jewish community in Europe. This book is "a must have" for any WW2 collector, and anyone concerned with the history of Judaism.

The prices including shipping are: for Belgium and Europe: € 40 and for the World € 45.
